

PLATINUM 8

The best. For real.

And we can prove it with the most effective listening tests in the audio industry. Even though our previous series received worldwide acclaim, these cables surpass them in providing the most lifelike reproduction available, regardless of cost.

Patented DNA Helix designs were upgraded by increasing the number of strand groups to strengthen the electromagnetic field that moves the signal through the cable. This, combined with the world's purest OCC-7N solid silver, results in greater resolution and wider dynamic contrasts. Our new Composilex 3 insulation is the quietest ever, flexibility is greatly improved and top quality construction makes Platinum *the* cable to complement the world's finest audio systems.
